Nancy,

I don't believe there were any enforcement tools issued to the Aqueduct in past three years. If anything, they finalized the agreement and returned to compliance. If you find anything in the data base. Please let me know.

Thanks,

Ingrid

Hi Ingrid and Nancy,

I have the permit and permit application (items 1 and 2) for this foia. Do you have the DMRs and compliance information? If so, can you compile that?

Thanks, Mary
